

SPIRITUAL DEVELOPMENT PROGRAM 1ST YEAR

Attendance:

Attendance is counted by how many “church-sanctioned” events that your students attend. We believe it is important for students (and all believers) to spend time together with other Jesus followers at church or church events (Hebrews 10:25).

Daily Devotions:

Daily Devotions are counted by how many of the Word of Life Quiet Time days that a student completes. These daily devotionals are available either in physical book form or in a digital format available on the App Store or Word of Life website. We believe that spending time in God’s word everyday is a vital part of a Student’s growth and relationship with Jesus (Joshua 1:8).

Service:

Service is counted by how many times students serve, either in the church or in the community. Serving can be in any ministry or in any impact partners, or other organizations and projects (as approved by the Student Pastor). Serving our church and community is part of our responsibility as Jesus followers to bless others and impact the world (Mark 10:45).

Scripture Memorization:

Scripture Memorization is an incredibly important part of our relationship with Jesus. We have a pre-made list of verses for memorization available for your first year of the Spiritual Development Program, which will be updated and expanded as you progress year by year in this program (Psalm 119:11).

Gospel Conversations:

Gospel Conversations are arguably the most important part of the Christian life. We have been called to share the message of Jesus with the whole world, and that starts right here and right now. Gospel conversations include every time you share Jesus with someone, regardless of the outcome (Matthew 28:19-20).

Bringing a Friend:

Bringing friends is an important part of the evangelistic process. Bringing friends allows them to “come and see” what God is doing in the church and community around us. Bringing friends allows us to step out of our comfort zones and help them know Jesus, love others, and live changed (Matthew 28:19-20).

Mobilization Guides:

Mobilization guides help students understand the importance of the foundations of our relationship with Jesus, by explaining things such as baptism and prayer and worship and giving. We ask that all students go through the mobilization guide with an adult leader before leading another student through the guides (Psalm 86:11).

Read a Book:

Reading books is an incredible way to grow and learn about God, ourselves, and the world around us. We have a pre-approved list of books for students to read, but students can read books not listed (with the approval of the student pastor).
