WHAT IS CYIA?

Christian Youth in Action is a development program for the next generation of Christian leaders. Our CYIA training trains and equips students to live out their faith and to minister to children in their church and their community.

WHEN IS CYIA?

Registration is open now, but the deadline is May 1, 2026.

ALL students will be trained at a local one-day event in May and all students in Tracks 2-5 will continue being trained at Trinity College June 7th through the 13th.

SUMMER MINISTRY OPPORTUNITIES

Once students are trained, they will have the opportunity to continue ministry back in their local community through CEF® 5-Day Clubs. These run from mid-June through August. Contact your local CEF office for more information.
